Saturday, March 24, 10am-12:30pm, begins at Riverside Historic Courthouse, 4050 Main St.

**March for Our Lives** is being organized by local high school students in response to recent gun violence. The Riverside event is in support of the national March in Washington, whose organizers write: "Congress must take meaningful action to pass federal gun reform legislation that addresses the public health crisis of gun violence."

What is God's will about our use of guns? How would God have us be God's hands, feet and voice? Will human law help bring our unruly wills into order? In addition to the march, we might connect on Facebook with the local chapter of the Brady Campaign to Prevent Gun Violence for other ways to engage this issue. Or review the resources <http://epfnational.org/> of the Episcopal Peace Fellowship and its Gun Violence Prevention Action Group.

Good news! On Tuesday night, March 13, the Riverside City Council unanimously

passed the Housing First plan to end homelessness. This is not a magic wand, but it is a solid step toward amassing the will and the funding to address the needs of our neighbors who do not have suitable shelter.

Next step for us? **SAVE THE DATE: Annual Walk to End Homelessness**, Saturday, April 14, Fairmount Park, a walk of a little over 3 miles to raise money and visibility for the city's work on this topic. Too far to walk? Donate at [www.riversideca.gov/walk](http://www.riversideca.gov/walk)

Did you know that All Saints' donates 10% of its annual budget to ending homelessness?
